Don't forget the competition information is in  on HowdidIdo

Should you be unable to play please do not forget to remove yourself and notify your playing partners.

Also a reminder that you will need 5 qualifying competition scores to win a trophy in future.

The mixed competitions will have a restriction that if you pull out less than a week before the comp you will still be charged as the Lady Captain needs to buy the prizes.

Thanks to everyone for keeping our times condensed so we can release times back to the club.
