## Captains Report

February hasn't been kind in terms of weather and although we have been able to get out and play golf some of the conditions have been extremely challenging. The results reflect the difficult conditions as across both qualifiers this month, there was only one player who played to their handicap - well done Cheryl.

I'd like to wish our Ladies Annodata team all the best when they journey to Spain in early March. The Annodata team and their supporters who are heading to Spain have been very proactive in raising funds to help support the trip, well done ladies and a big thank you to everyone who supported their efforts. They will be playing at Barceló Montecastillo Golf and Country Club and their 1st match is on 6th March.
